REVIEW: I DROVE TO FREDERICTON, NB TO SEE GAZM PLAY FOR THE FIRST TIME IN 3 YEARS AND IT RULED by Taylor

Ok, I didn't drive there *only* to see them because VERIFY also played, but going to see GAZM reunited was a huge incentive to make the big drive (not that much further than Toronto, when you factor in GTA traffic vs the 110kph speed limit in NB). The weekend consisted of two all-ages shows in a community centre in the middle of Odell park, plus a little market/tattoo flash day on Saturday. Other than us, PROWL (tour tight) and DEADBOLT (beyond stoked) and various associates were also there from Montreal to support onstage and in the pit, and a cool mixed bill of local bands kept us rocking – M45K, ANTHESIS, NULL MOON and KISS THE SKY, whose set was interrupted by an appearance of the “fabled” cryptid(?) the Odell Man. Everyone seemed to have a blast and I overheard multiple locals at the after party making plans to start jamming. Does this mean we're going to get a GAZM gig in Montreal this summer?? Stay tuned to find out...
